The Omnicraft™ Advantage

- Available for most all make vehicles
- Deliver quality fit and competitive pricing
- Convenient one-stop availability from Ford

Features and Benefits

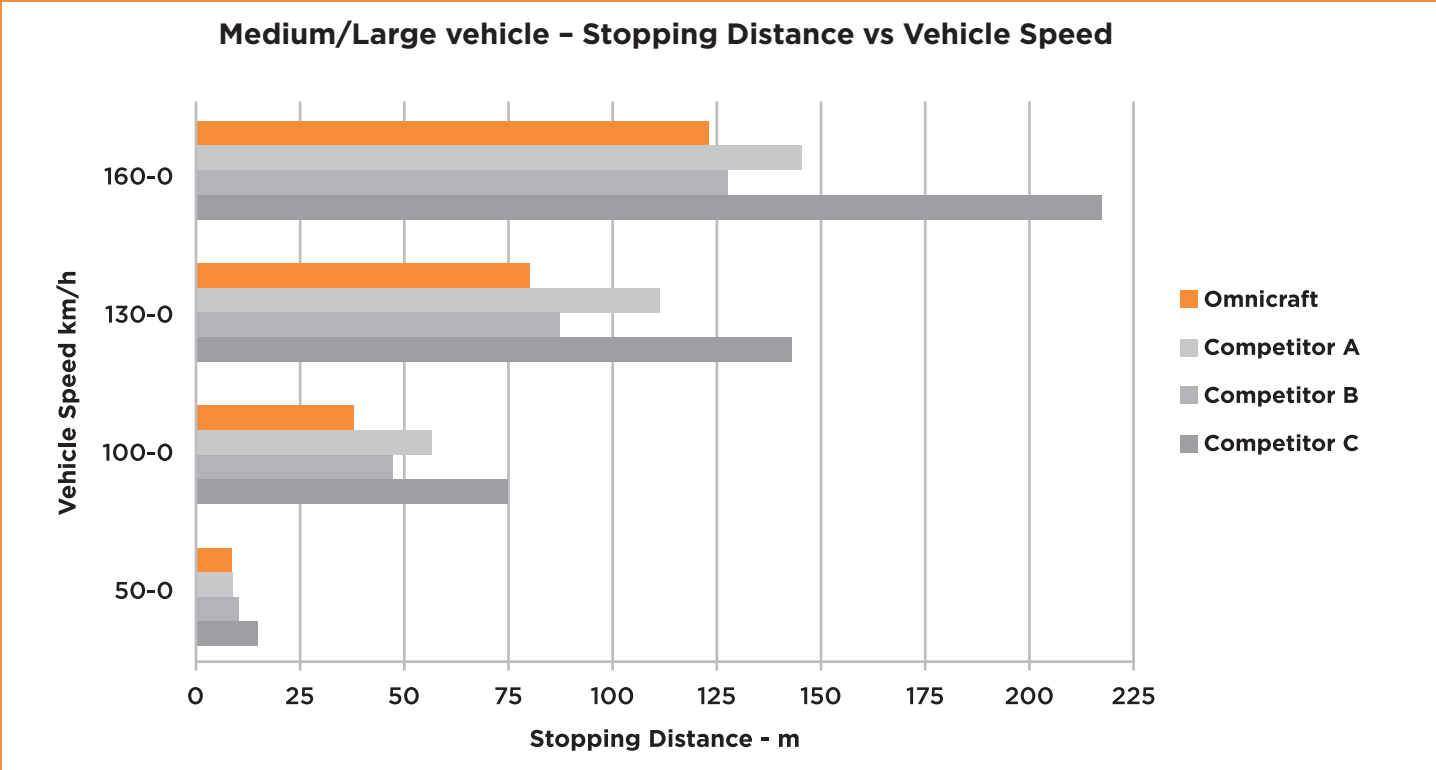

- Non Asbestos Organic compound
 - Well controlled vibration and harshness to reduce noise and dust
 - Durability and low wear
- Semi-metallic
 - High heat absorption pulls heat out
 - Consistent braking performance

*Picture of product maybe different with real product as various products providing.

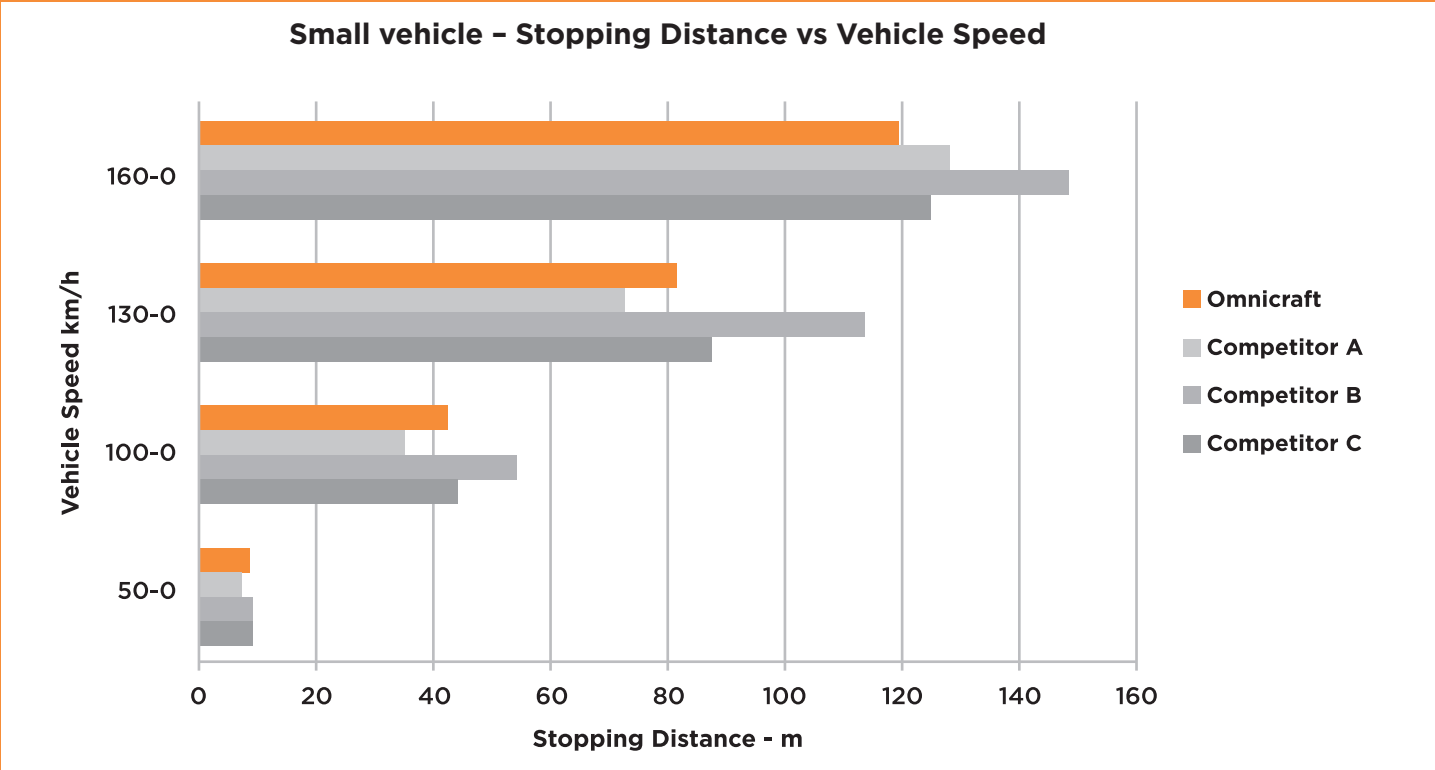

Stopping distances – Omnicraft vs. Competitors

Comparison of stopping distance at various initial speeds.
Omnicraft vs. Competitors (medium/large vehicle)

- These tests were run on a Chassis Dynamometer and the stopping distances are as recorded in the test data.
- All stops were carried out at an Initial Brake Temperature of 100°C .
- The dynamometer inertia was set to simulate a vehicle loaded to GVM.
- All stopping distances were recorded at a line pressure of 8MPa.

Comparison of stopping distance at various initial speeds.
Omnicraft vs. Competitors (small vehicle)
